Poverty is caused by broken relationships!

So often those who live in under resourced neighborhoods believe that having more resources, i.e. funds, possessions or a job will resolve their circumstances. However, these only deal with the symptoms and not the cause of poverty, which is broken relationships with God, family, neighbors or friends.

This update is a pictorial guide to the work we do in South Phoenix showing our heart for living out grace, forgiveness and mercy. Please consider getting involved with tutoring, mentor group, life skill group, help us paint a house or feed our homeless friends and show real mercy in action. **Online giving at www.barrionuevophoenix.com**
